WITH A FOREWORD BY RON BAILEY

This book is packed with captivating testimonies of unique individuals whose lives were impacted by God through the ministry of men such as Mr North, Norman Meeten and Dave Wetherly. Witness the incredible faithfulness of God over those who have walked in step with the direction, power and authority of the Holy Spirit.

“Here’s a delightful narrative recorded in testimony after testimony of the grace and power of the Lord Jesus to transform individuals and create living fellowships of His people. The movement’s humble beginnings in my hometown of Liverpool (and just a few roads away from where I grew up!) and then to the nations, is a remarkable move of God indeed. If one of the marks of a good book is that it does you good, well, that’s been my experience as I have read these pages. May it quicken your spirit too for more of the Lord and His ways in His Church in His world”
