Whenever medical advice or treatment is needed, the assistance of a GP or A&E Department of a hospital should be sought. The Children Act 1989 allows a doctor to provide any necessary treatment by doing 'what is reasonable in all the circumstances of the case for the purpose of safeguarding or promoting the child's welfare'.

However, the parent/carer should be contacted and advised of the situation as soon as possible. It is important, however that those caring for children and young people on day trips, outings and residential activities obtain in advance from the parent/carer:

1. All necessary information concerning the child/young person's health, allergies, medication etc.
2. Written agreement as follows:

I understand:

- My child will receive medication as instructed before or during the event.
- Every effort will be made to contact me as soon as possible should my child become ill or have an accident.
- My child will be given medical/dental treatment as necessary.

I enclose a cheque or cash to the sum of £ ____: ____
